

**\*\*SPRING AUCTION LISTING\*\***

Winter is long when you live in northern Wisconsin, and not much to do...so, GOOD NEWS!! In the past few years, Riddermark horses have gotten increasingly difficult to get ahold of due to my surgery and house-hunting. But this winter allowed me to get a whole new crop of fine show horses well under way.

Projected publication date for the list is May, 1991. These are genuine Riddermark horses, some of the best ever and a little something for very nearly every collector or shower: Arabians, Part-Arabs, Appaloosas, Paints, Friesians, Lippizans, Saddlebreds, a Shagya Arab, a Tennessee Walker, perhaps even a Drafter and a Fjord. There could be a little of anything on the list as fancy and inspiration strike, you just never know what will turn up on one of my lists -- what you WILL find are quality horses. Eighteen years of remaking and repainting experience, a BA in Fine Arts, years of experience in practical horse conformation and model judging, as well as thousands of Championships attest to that.

Each Riddermark horse is an individual work of art -- no rush-jobs, no mass-produced clones. Every horse on the list will be finished and show-ready when the list is published, no waiting for completion, with between 10 and 25 horses listed. Send \$1.00 and long SASE to reserve your copy and find out what hundreds of horse owners have about our Championship quality -- and why you won't find many buyers willing to part with their Riddermark horse.

New address: Julie Froelich,

RIDDERMARK
