

Wizard's Vale Is Having A Production Auction!

WV Swordplay (Trakehner mold) owned by Laurie Jensen and Darian Buckles

WV R'Thana, a prime example of WV work

WV Smooth Move (Lady Phase mold) owned by Traci Durrell-Khalife

WV Westerty (Morganglanz, totally resculpted head) owned by Leslie Hughes

I finally got enough free time to create 10 models at once (being between jobs helps a lot)! These are all brand new showhorses, all uniquely WV. There are some amazing transformations here—see if you can tell which models used to be Roemer and Secretariat! I never exchange parts...just do major repositioning with the heat gun, Dremel away offending areas, and resculpt heads, etc. in epoxy.

Join the small but elite group of WV owners! I doubt very much that there will ever be another sale like this from WV, and I **do not** take custom orders these days! Write for the Auction Packet, complete with **color** photocopies of both sides of each horse. Please send a business-size SASE plus \$1 (to cover a bit of the color copying costs). If you just want a black and white copy of the packet, just send the SASE. Bids will close September 30, 1991 at 9:00 p.m. EST.
